Golden Rules For Golden Years

LOCAL SENIOR LIVING COMMUNITY PROVIDES INNOVATIVE PARKINSON'S CARE VIA PERSONALIZED PARTNERSHIPS

For the staff here at Deephaven Woods Senior Living, forming special relationships makes a major difference in each resident's care. The community's Golden Rule is a personalized approach to enhance every resident's quality of life, as much as possible, during their Golden Years.

Deephaven Woods also forms beneficial partnerships with various outside organizations as part of its commitment to innovation, training and technology-enabled patient care. One major benefit this senior care provider fulfills daily through its empathetic maxim is a special relationship with Struthers Parkinson's Center, a renowned "Center of Excellence" as designated by the National Parkinson Foundation.

As a community who serves people with Parkinson's Disease (PD), Deephaven Woods has placed a priority on this proactive collaboration with the Struthers Parkinson Care Network (SPCN) and its award-winning PD care.

"The cutting-edge SPCN specialty training, knowledge and ongoing professional education is very beneficial to our staff, and it's extremely important to the residents we serve," stated Shannon Donahue, Deephaven Woods Executive Director.

Deephaven Woods is the only senior living community in the Lake Minnetonka area whose staff has been trained by Struthers

to provide specialized Parkinson's care and receive its significant, educational specialty designation.

Overall, Deephaven Woods specializes in caring for those with long-term memory loss including Alzheimer's disease and other forms of dementia. Through its partnerships and training, Deephaven has enhanced the lives of many seniors and their family members over the years through engaging activity, thoughtfully designed spaces and relationship-centered care.

Deephaven Woods is managed by Ebenezer, Minnesota's largest senior living operator. Ebenezer is the senior housing division of Fairview Health Services and has 100 years of experience serving older adults.

As exemplified by the Struthers partnerships, Deephaven Woods, with its commitment to outstanding personal care, utilizes these combined resources to help older adults gain access to a full range of senior living choices, coordinated programs and specialty services.

Deephaven Woods Senior Living is located at the Church of St. Therese's campus in Deephaven (18025 Minnetonka Blvd.). More information can be found on their website at **deephavenwoods.com**.
